

NOTES

GENERAL

1. All dimensions to be checked on site before commencement of any work. Any discrepancies should be reported before commencement of works.
2. Use figured dimensions only. All dimensions are in millimeters unless otherwise specified.
3. All sanitary fittings, doors, windows and lifts to schedules. All internal fittings to be approved
4. p.v. denotes permanent ventilation. Permanent ventilation to be provided on all doors and windows except WC doors
5. All walls less than 200mm thick to be reinforced every alternate course with hoop iron

CIVIL & STRUCTURAL WORKS

1. Refer to structural engineer's details for all RC works
2. Foundation depth to be determined on site to architect's and structural engineer's approval

MECHANICAL WORKS

1. All plumbing and drainage to comply with council requirements.
2. All internal fittings to be approved by architect
3. Plumbing and drainage to mechanical engineer's details
4. All soil and water pipes under paved areas, floors, drives and walls to be encased in 150mm concrete surround

PROJECT

Proposed Prefab Lecture Rooms at KCA University Main Campus, Ruaraka
